

Remarks

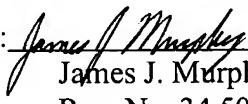

The specification has been amended to identify the parent application, and its related applications have been incorporated by reference.

This application is being filed to include Drawings sheets 17-20 containing Figures 9B, 10, 11 and 12 which were inadvertently omitted from the parent application Serial No. 10/662,788. As the specification of the parent application *as filed* included references to these figures in the Brief Description of the Drawings, and a more complete description of their contents in the Detailed Description of the Invention, no new matter has been added to this application. However, in order to avoid any ambiguity, Applicant has filed this application as a Continuation-In-Part.

Applicant believes that no further fees are due. However, the Director is Authorized to debit any amounts due by this paper to Deposit Account No. 23-2426 of Winstead Sechrest & Minick P.C.

Applicant respectfully requests that Applicant's attorney be called at the below listed number if it is believed that such a discussion would be helpful in resolving any problems or questions.

Respectfully submitted,  
WINSTEAD SECHREST & MINICK P.C.
